Dr. Alexander Moroz  
 Czechoslovak Academy of Science

Dear Moroz,

I unsuccessfully tried to telephone to you concerning the postdoctoral position in Mathematical Physics at Harvard. You are in the very top group of candidates for a position which will be decided next week. I am contacting you to ask:

1. Are you still interested in a position at Harvard University?
2. If you are offered a position, could you begin on September 1, or shortly afterwards?

Please reply to me by FAX at (617) 495-5132, or by e-mail (which may not work) to jaffe@huhepl.bitnet or jaffe@humal.bitnet.

Best regards,

Arthur Jaffe
